Abington Health receives thousands of contributions every year that honor or remember loved ones, friends, colleagues and caregivers. These contributions average more than $600,000 annually and are a crucial source of revenue for Abington Health’s programs.

The names displayed here represent thoughtful individuals who chose to pay tribute to a special person who had an impact on their life. Abington Health is grateful for these meaningful gifts.

The following list represents Tribute Gifts of $25 or more made to Abington Health from April 1, 2012 through September 30, 2012.

All efforts have been made to report accurate information.
If a name was overlooked or printed incorrectly, please accept our apologies.
You are invited to contact us in the Office of Philanthropy at 215-481-4438 to correct the error.

A hundred times every day I remind myself that my inner and outer life are based on the labors of other men, living and dead, and that I must exert myself in order to give in the same measure as I have received and am still receiving.

— Albert Einstein
