*Family Medicine*

To Our Patient and their families:

We are pleased to announce that as of **November 14, 2014**, Dr. Jacobson will be transitioning to a new role as Physician in Abington Health's Urgent Care Center, located in Flourtown. Although Dr. Jacobson will no longer be providing primary care for our patients, he feels honored to have been a part of so many of your lives which have helped him grow as a physician, as well as a person.

On Monday, **January 4, 2015**, Dr. Channick will be joining Springhouse Internal Medicine with Drs. Mass and Campbell. You can continue to see Dr. Channick in this new facility, or any of the other family medicine physicians at Ambler Medical Associates or Medical Center at Gwynedd. Our physician colleagues stand ready to care for all the patients in our practice.

These offices are in a brand new facility located at Abington Health Center, Lower Gwynedd, less than 2 miles away from our current office. We commit to you that we will do everything we can to make this transition as smooth as possible. Included with this letter is the information on our physician colleagues. Please be assured that your medical records remain secure. There is no need for you to 'transfer' your records when you continue your healthcare with any of these practices, as they are all part of Abington Health Physicians.

Our office staff will assist our patients in scheduling appointments with Dr. Channick or any of the Springhouse Internal Medicine, Ambler Medical Associates, or Medical Center at Gwynedd physicians. We will gladly answer any questions you may have.
