

SAFE HARBOR @ HOME 2021

AGES: 7-13

TOPIC

Past/ Present/ Future

GOAL

To explore our grief stories of Before, Now, and Future through a family game.

ACTIVITY

Grief Game of Creationary

For this game, each person will need some material that can be formed into different creations. For example, clay, pipe cleaners, lego, etc.

Like a 3D pictictionary game, each person will create one shape for each of the following prompts, one prompt at a time, while others will guess what it is. The person who guesses correctly gets to ask the creator questions until they guess the meaning/story behind it.

1. BEFORE A memory or story of your special person
2. NOW An activity, thing or event in your life, right now, that reminds you of your Person.
3. FUTURE A talent or trait of this person that I wish to share (or not share) when I grow up.

QUESTION

What is one way you can help others by 'paying forward' any love or lessons from your special person?
