

**THEODORE R. SULLIVAN, JR., MD**

**General Surgery**

**Director, Vascular Surgical Services**

Surgical Care Specialists, Inc

*Theodore R. Sullivan, Jr., MD was a Cum Laude graduate of St. Lawrence University with a Geology major and German minor. He earned his medical degree at Temple University School of Medicine and completed his residency and fellowship at Temple University Hospital. Dr. Sullivan is board certified in General Surgery and Vascular Surgery.*

Dr. Sullivan has won awards and honors for his area of practice, including most recently the Excellence in Teaching Award from Abington - Jefferson Health's surgical residents. Dr. Sullivan is the director of Vascular Surgical Services and a General Surgeon at Abington - Jefferson Health's Blank Vascular Center.

The Blank Vascular Center provides quality diagnosis, management, treatment and education for patients with vascular conditions. For many vascular conditions, treatment procedures often result in fewer complications, less time spent in the hospital and speedier recoveries. The center offers comprehensive care for the following vascular conditions:

- Peripheral artery disease
- Carotid artery disease
- Venous disease
- Lymphedema

The center has a qualified staff, including board certified surgeons and interventional radiologists, nurse practitioners and technologists to ensure the highest level of care.

Dr. Sullivan is a fellow of the American College of Surgeons and a member of the Association for Academic Surgery, Deterling Surgical Society, Eastern Vascular Society, Pennsylvania Medical Society, Peripheral Vascular Surgery Society, Philadelphia College of Physicians, Society for Clinical Vascular Surgery, Society for Vascular Surgery and SVS Volunteers Program.

Dr. Sullivan has published a variety of publications and given numerous presentations on surgical research and vascular surgery. His current research includes:

- The effect of estrogen on vascular smooth muscle cell proliferation
- Restenosis after carotid and peripheral vascular surgery
