

MARK S. SHAHIN, MD

Chief, Clinical Gynecologic Oncology
Director, Hanjani Institute for Gynecologic Oncology
Deputy Director, Asplundh Cancer Pavilion and
Oncology Service Line Leader
Professor, Obstetrics and Gynecology, Sidney Kimmel
Medical College of Thomas Jefferson University
Abington Health Physicians

Mark Shahram Shahin, MD, graduated Summa Cum Laude at Syracuse University where he was a member of the National Engineering Honor Society. While at Syracuse University, Dr. Shahin received distinct awards, including the George M. Berry Award for Best All-Around Senior and Bioengineering

Award for Outstanding Achievement by a senior. After earning his medical degree, Dr. Shahin completed his residency in Obstetrics and Gynecology where he continued to receive awards and honors such as Outstanding Obstetrics and Gynecology Resident and Outstanding Northwestern Resident Teacher Award. He completed two fellowships in advanced gynecologic surgery and gynecologic oncology at the University of Iowa Hospitals and clinics. During this time his research focused on p53 genetic mutations in ovarian malignancies as well as phase II and III p53 gene replacement therapy in ovarian cancer. He was recently appointed chief of the Hanjani Institute for Gynecologic Oncology.

The Hanjani Institute for Gynecologic Oncology offers the expertise of a teaching and clinical research institution and the personal involvement and accessibility of a community hospital. The gynecologic oncology program at Abington Hospital is highly ranked among 49 full members of the Gynecologic Oncology Group in terms of number of patients treated and quality of research data.
