

JAMES T. MOORE, MD, FACS

Breast Oncology Surgery
Huntingdon Valley Surgical
Consultants, Ltd
*James T. Moore, MD earned
his Bachelor of Science
degree in Genetics at Brown
University in 1976.
He earned his medical
degree at the Medical
College of Pennsylvania in
1980. He then completed his
internship and residency at Abington Hospital in 1985.
Upon completing his surgical internship and residency
training, Dr. Moore joined the staff of Abington
Hospital.*

Dr. Moore is a board-certified General Surgeon. He has had the opportunity to provide surgical services to members of the Abington and Lansdale communities for over 30 years. He was instrumental in collaborating with other disciplines to lay the foundation for the Breast Program at Abington. Dr. Moore is focused on how to apply the advances in breast cancer treatment to his daily surgical practice. Dr. Moore believes in holistic comprehensive care as he works closely with Radiologists, Pathologists, Medical and Radiation Oncologists, Plastic Surgery and Nurses. He takes pride in his personalized approach to patient care. Dr. Moore believes that breast cancer treatment involves an ongoing plan of care to maintain breast health.

Dr. Moore is not limited to the diagnosis and treatment of breast cancer. As a practitioner, he will consult, diagnose and treat patients presenting with breast lumps, nipple duct discharge, breast pain, history of genetic mutation or family history of breast cancer. Being a solo physician affords Dr. Moore's patients personal and specialized care.

Dr. Moore has been the author of several reports in surgical literature and in peer-reviewed journals including *The American Surgeon*, *Contemporary Surgery*, and *Surgical Endoscopy*. Dr. Moore is a dedicated teacher and a beloved mentor of the general surgery residents. He was first appointed to a teaching position at Temple University School of Medicine in 1986.
