

July 13, 2020

Dear Patient,

There are important changes taking place regarding our practice that we would like to share with you. Effective July 1, 2020, we have relocated our Blue Bell office at 686 DeKalb Pike to a new location only 3.5 miles away. Our new address is: Abington Jefferson Health – Blue Bell, 721 Arbor Way, Blue Bell, 19422, Suite 103 and the same working hours will remain.

This new facility offers many amenities such as radiology, laboratory, rehabilitation and other specialty services. Here is a map to help guide you.

Our other offices in Abington and Lansdale remain open.

We are sad to announce that Drs. Silverman and Christensen plan to retire their stethoscopes at the end of the year. Our practice has been so fortunate to have their dedication, compassion and expertise for so many years. Please join us to wish them the best of health during their retirement.

At the same time, we are pleased to welcome our newest physicians to our practice. All four physicians are fellowship trained and specialize in pulmonary medicine. They all look forward to caring for you.

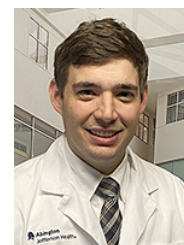

Craig R. Grossman, MD

Abdallah El-Habr, MD

Michael W. Lake, MD

John C. Madara, MD

We have all been impacted by the Covid-19 pandemic and I am sure you have all had to develop a “new normal”. To keep patients safe, our practice is taking the necessary steps to maximize the safety of our patients and staff. We have established new practices for deep cleaning and sanitization so we can minimize the spread of COVID-19. Our practice has also incorporated telemedicine appointments to care for patients as appropriate.

Our practice accepts most major insurance plans and we are accepting new patients. We look forward to seeing you at our new location. If you have any questions, please contact our office at 215-517-1200.
