Personal Statement:

“I treat patients the way I would want to be treated. It is essential for me to be a good listener. My job, after listening and examining, is to determine a diagnosis and treatment options. Then, I present the options in terms a patient can easily understand. The greatest reward for me is a successful outcome and the discharge of a happy patient who has become part of the Rothman family.”

Our practice has specialists in sports medicine, rehabilitation, spine surgery and joint replacement. We offer three convenient office locations - in Chalfont, Willow Grove and Abington. If surgical treatment is necessary, our surgeons are proud to be affiliated with both Abington Hospital and Abington - Lansdale Hospital.
