

MAURICIO J. GARRIDO, MD

Cardiothoracic Surgery

Clinical Director, CT Surgery
Surgical Director, Structural Heart Program
Abington Health Physicians

Mauricio J. Garrido, MD applies his background in engineering and cardiac medicine to cardiothoracic surgery at Abington Jefferson Health. Board certified by the American Board of Cardiothoracic Surgery, Dr. Garrido serves as Clinical Director of Cardiac Surgery at Abington Jefferson Health.

Dr. Garrido's extensive expertise includes treatment of ascending and descending thoracic aortic aneurysms, aortic dissection and coronary artery bypass in addition to aortic root surgery and mitral valve repair within the hospital's Porter Institute for Valvular Surgery. He has a specific focus on developing leading edge techniques in bloodless surgery to provide safe and effective heart surgery without the need for blood or blood component transfusion.

Dr. Garrido's surgical specialties include:

- Repair of complex acute and chronic aortic dissection
- Valve-sparing aortic root replacement
- Transcatheter aortic valve repair (TAVR/TAVI), transfemoral and alternate access approaches
- Heart valve reconstruction and replacement, including:
 - Mechanical and bioprosthetic tissues (bovine, porcine, human)
- Adult congenital cardiac surgery
- Endovascular, surgical and hybrid treatment of thoracic aortic aneurysms
- Minimally invasive mitral valve repair
- Coronary artery bypass grafting
- Engineering principles applied to cardiac surgical management
- Bloodless surgery techniques in cardiac surgery
- Management of cardiac surgical disease in the elderly

Dr. Garrido has published numerous articles in cardiothoracic surgery journals and has presented at national cardiovascular conferences. While at Yale University School of Medicine, he was the recipient of the Wilbur Downs International Fellowship Award, a Distinction in Leadership honor, and was named National Hispanic Scholar. Dr. Garrido has traveled to India, Tokyo and Germany as the winner of academic or research scholarships to those countries.

Dr. Garrido is a proud member of Abington Health, a network of over 200 primary care and specialty physicians.

Education

Cornell University College of Engineering
Ithaca, New York
(Undergraduate, Bachelor of Science, Chemical Engineering, 1993)

Yale University School of Medicine
New Haven, Connecticut
(MD, 1998)

Columbia University Medical Center
New York, NY
(Surgical Internship and Residency, 1998-2004)

Division of Cardiothoracic Surgery,
Columbia University Medical Center
New York, NY
(Fellow, Heart and Lung Procurement, 2001-2002)

Columbia University Medical Center
New York, NY
(Fellow, Cardiothoracic Surgery, 2004-2006)

Columbia University Medical Center
New York, NY
(Ventricular Assist Device/Transplant & Minimally Invasive Cardiac Surgery, 2006)

Additional Training/Background

New York University School of Medicine, 1992
Neuron Development in Simulated Weightlessness

M.V. Diabetes Specialties Center, Madras, India
Tropical Pancreatitis Epidemiology in Southern India (International Research Fellow, 1994)

Division of Vascular Surgery
Yale University School of Medicine (1996-1997)
Abdominal Aortic Aneurysm Rupture Mechanics and Rupture Risk Factors

Division of Cardiothoracic Surgery
Columbia University, College of Physicians and Surgeons
Surgical Treatment of Atrial Fibrillation and Robotic-Assisted Cardiac Surgery
(Research Fellow, 2001-2002)

Attending Physician, Cardiothoracic Surgery

Columbia University Medical Center (2007)
Abington Hospital - Jefferson Health (2007-present)

He is a member of the American Medical Association.
