SNAP: The Supplemental Nutrition Assistance Program is the new name for the Food Stamp program. These benefits are used to buy food and help eligible low-income households in Pennsylvania obtain more nutritious diets by increasing their food purchasing power at grocery stores and supermarkets.

The **WIC (Women, Infants and Children) Nutrition Program** promotes the health of women, infants and children by providing food and nutrition education to pregnant women and breastfeeding mothers as well as their infants and children. WIC services include nutrition education, healthy food vouchers, breastfeeding support, farmer's market vouchers, and much more. See *WIC sites in the listing*.
